

# Solopol® GFX™ Dispenser

## PRODUCT DESCRIPTION

Unique, patented 3.25 liter cartridge dispenser that meets the distinct needs of any workplace.

## WHERE TO USE

For exclusive use with Solopol® GFX™ cartridges to create tailored skin protection and hand hygiene programs.

## METHOD OF USE

Large push buttons dispense a controlled dose of product appropriate for the application required. Empty cartridges are easily replaced in seconds.

FEATURES	BENEFITS
Patented Technology; Guaranteed for LIFE	Solopol® GFX™ dispensers are manufactured from durable plastic components and rigorously tested for high usage environments, providing assurance of quality and long-term cost efficiency.
Spare Parts Available	In case of vandalism or accidental damage, spare parts can be provided allowing for repairs without having to take the dispenser off the wall.
BioCote® Protected 	Dispenser push buttons are exclusively protected by BioCote®, a silver-based antimicrobial agent that is incorporated into the plastic components at the time of manufacture and inhibits the growth of a broad spectrum of bacteria and molds; BioCote® will not wear-out or rub-off and is effective for the lifetime of the dispenser.
Fixed Product Dose with One Full Firm Activation	Delivers the exact amount required, controlling usage and reducing waste; Discourages unnecessary 'jabbing' and product overuse.
Hygienic, Airless Cartridges	The ultrasonically sealed cartridge and pump mechanisms prevent the ingress of air into the cartridge during use to help prevent product contamination and ensure 'fresh' product is dispensed every time.
Color Coding	Color coded push button to match SC Johnson Professional's heavy duty line of hand cleansers.
Usage Illustrations	Simple to understand and language neutral to show best practice method of use; ideal for multinational workforces.
Large Push Button	Allows easy use by hand or elbow; suitable in hygiene sensitive areas.
Unique Locking Mechanism	Helps prevent unauthorized access, pilferage and product contamination.
Sight Glass	Indicates the level of product in the cartridge which helps identify when product needs replacing.
Simple Cartridge Replacement	Designed for exclusive use with Solopol® GFX™ cartridges to be replaced in seconds, reducing maintenance time and costs.
No Wastage	The air-tight cartridges are designed to collapse during use, ensuring full evacuation of product with no wastage.
